

Megan has been working in the ABA field since moving to Seattle in 2009. After working as a lead behavior technician for FEAT of Washington's Transitions for Teens program, she pursued a graduate degree in the field from the University of Washington in 2012. Since 2013, she has been a Board Certified Behavior Analyst, specializing in work with neurodivergent teens and young adults, both in center-based and in-home contexts. Since then, she has also presented posters, in symposia, and in workshops at International Precision Teaching Conferences and at ABAI.

Prior to moving to Seattle, Megan studied at Florida State University, graduating with a degree in Secondary English Education, teaching Language Arts to middle school aged students in the Tallahassee area.

Megan has been working with Accelerate LSI since 2019. She lives in North Seattle with her husband, dog, and 2 cats. She loves camping, road trips, cooking, baking, and looks forward to experiencing live music again in the (hopefully) near future. She loves working with the ALSI team and looks forward to meeting you! Preferred pronouns she/her.
