

Yunyi joined Accelerate Learning Specialties in July 2022. She graduated from Indiana University Bloomington with a BA in psychology. She has always been passionate about the clinical practice of psychology. Most of her work experience involves communication with clients and teaching. While in school, she joined a faculty lab where she worked with children around 7 years old and guided them through experiments.

After graduation, Yunyi was attracted by the field of Applied Behavior Analysis and decided to start working as a Behavior Technician. Right now, she is a Certified Behavior Technician in Washington state, and she's planning on pursuing further education and becoming a BCBA.

Yunyi relocated to Bellevue, WA in June 2022. She likes exploring local restaurants, cross stitching, and traveling. She is also a big fan of cats.
