

Carly graduated from Eastern Washington University with her BS in public health with a minor in psychology. She also is a commissioned Army officer in the National Guard. Her work experience has always involved caring and growing alongside of others. Some of her work experience includes being a homecare aide, contact tracer, and a youth advocate for adolescents and young adults. She greatly enjoyed working at a non-profit in Spokane that involved mentoring and walking alongside the homeless youth to help them exit street life.

Carly has been working with Accelerate Learning Specialties since February 2022.

She loves hiking, traveling, experiencing new cultures, playing the piano and guitar, and hanging out with her friends. She also has a super cute bunny named Remy who she loves spending time with.
