

As a lifelong learner and educator, Tyler has been all over the US gaining experience in a variety of roles in both the classroom, clinical settings, and remotely. He began his journey in his hometown of Wichita, KS where he earned his Bachelor's degree in Elementary Education. Soon after, he moved to Chicago to begin his career working in the field of Applied Behavior Analysis. It was here that he was introduced to Precision Teaching and the Standard Celeration Chart and enrolled in his Master's in Psychology program through Capella University (online). He has since made stops as a behavior technician in Indianapolis, IN and Denver, CO and as a classroom teacher at Morningside Academy in Seattle, WA in order to gain as much experience as he can within the field of PT while he pursues his BACB certification.

Since completing his Master's degree, he has returned to his hometown of Wichita, KS to be with his family. You can commonly find him playing basketball, kayaking on the river, walking his dogs, or playing with his three adorable pet rats.
